Dear Dr. Lospinuso:

Congratulations! You have been named a 2014 Jersey Choice Top Doctor in *New Jersey Monthly's* annual survey of New Jersey doctors.

Ballots were sent to the state's practicing physicians asking who they would send a loved one to in more than forty specialties. The results were reviewed for completeness by a panel of doctors.

Look for the issue in late October. We'll be sending you an invitation to celebrate this honor with us at a reception in November as well.

One of our account executives will be in touch to let you know about some of the special marketing opportunities available only to Jersey Choice Top Doctors. Whether you choose to take advantage of these opportunities does not affect your status as a Jersey Choice Top Doctor. I do hope you'll take the time to consider these exciting opportunities.

Congratulations again,

*Kate S. Tomlinson*
